

MEMORIAL DAY EVENING

May 27, 2024

5:30 PM – 8:00 PM

On Memorial Day evening at the Garden Theatre there will be a showing of the **Project Recover** documentary **"To What Remains"** which tells the story of the +80,000 Americans Missing in Action since WWII, and how there are teams diving deep into the sea to bring their remains home.

After the showing there will be a Q&A with a friend of Austin's, **John Marsack** Co-Founder of **Legion Undersea Services** which partners with **Project Recover** in these missions. The evening is hosted by **Deep Blue Dive Therapy**, a local organization that works with veterans suffering from **PTS**. Austin is Chairman of **"Challenge 22 to End Veteran Suicide"** and he would like to attend this event with our campaign supporters.

Tickets are free but we have RSVP'd a **#TeamAustin** section for us to all join together in solidarity wearing our red **Austin Arthur t-shirts** so to show how our campaign feels about honoring our military!

If you are able to attend with us please confirm your spot by calling or texting

(407) 305-2052
